Additional information

Description: **SOLD**
Very Well Kept Blue
Water Cruiser
Designed by Ted Brewer,
the Morgan 382 is a
comfortable cruiser with a
fin keel, skeg rudder, and
wide beam.
This classic blue water
cruiser hull and deck has
been painted and shows
very well.
There is just the right
amount of varnished teak
for a sharp look. "BLIND

DATE" has been very well maintained by a professional captain and shows pride of ownership.

Inside there is over 6' of headroom, and lots of space, with a galley to port, a U shaped sofa/dinette table and forward head. The master is a V berth with a privacy door and lots of storage. Along the Starboard side there is another sofa (berth) a navigation station and aft, a rear quarter berth. Outside the cockpit seats 6 in comfort and is designed for either relaxing day cruising or full on blue water cruising. She has successfully completed multiple Newport to Ensenada races and begs to go further!

Check out "Blind Date" and it will turn into a full on romance!
