Description

Stock #497215 - 2012 Chaparral 327 SSX bowrider powered by Mercruiser and ACE trailer included! A must see Chaparral. The most revolutionary feature of the 327 SSX is its award-winning, full-beam cabin hidden completely beneath the dual consoles. While standard large bow riders typically only offer a cramped port-side head compartment, Chaparral utilized clever engineering to build a spacious, climate-controlled sanctuary below deck. Accessed via a beautifully integrated sliding entryway at the port console, the cabin opens into an surprisingly roomy layout that includes a compact galley, a flat-screen television, and ample cedar-lined hanging locker space. The centerpiece of this cabin is a plush, L-shaped leatherette sofa. At the touch of a switch, this slide-out seating converts smoothly into a double berth, comfortably sleeping two adults for overnight weekend getaways. The cabin houses a fully enclosed fiberglass head compartment equipped with a premium Vacu Flush toilet, a solid-surface vanity, a stainless steel sink, and a pull-out shower wand. Opening portholes and bright LED lighting keep the space feeling open, airy, and inviting rather than dark or claustrophobic. The Power Slide Multi-Position Transom Lounge Versatility defines the aft cockpit of the 327 SSX, primarily driven by Chaparral's innovative Power Slide seating technology. The aft-facing transom lounge is a major hub of activity, built directly above the massive swim platform. This configuration creates the perfect zone for staging water sports, swimming, or relaxing close to the water while at anchor. Instead of manual, clunky cushions that require physical rearranging, the Power Slide system is fully motorized. With a simple flip of a cockpit switch, the internal electric actuators engage, allowing the aft bench to slide back, recline, and flatten down. It seamlessly transforms from an upright, comfortable sofa into a massive, elongated double sunbed. This dynamic piece of engineering ensures you can maximize your deck space for cruising with friends, or instantly expand your sun-lounging area when it is time to soak up the sun. While the cabin allows for overnight flexibility, the primary mission of the 327 SSX is elite daytime entertaining. It boasts an expansive Yacht

Certified layout that can host passengers across multiple dedicated social zones without ever feeling crowded. The deep, secure bow rider section up front easily accommodates six adults on wrap-around lounge seats with flip-down armrests and dedicated stereo remotes. Moving aft, the main cockpit functions as an open-air living room. It features dual, double-wide helm and companion seats with flip-up bolsters, allowing four people to ride comfortably facing forward under the shade of the standard fiberglass hardtop. To satisfy hungry guests, a beautifully styled cockpit wet bar is integrated into the starboard side. This entertainment station is outfitted with a solid counter top, a fresh-water sink, a built-in trash receptacle, and a premium 12V marine refrigerator. Combined with an array of built-in ice chest coolers and a multi-zone marine sound system, the deck layout is purposefully engineered to keep the food, drinks, and music flowing all day long. This listing has now been on the market a couple months. Please submit any and all offers today! Reason for selling is downsizing. At Pop Yachts, we will always provide you with a TRUE representation of every vessel we market. We encourage all buyers to schedule a survey for an independent analysis.
