Built:	2006

Additional information

Description

Stock #395786 - Includes full boat cover, electronics, and outriggers! Project boat. Outboard engines run but have poor compression and sold as-is. The Hull is what is being sold at this time. Port Engine: cylinder #3 is shot and has low compression overall; Starboard engine: compression is 90-95 PSI. This 2006 Striper 2901 Mid-Cabin Walkaround is ready to receive fish!! All she needs is a captain and crew. Large and spacious aft deck to approach fish from all sides of the boat's rails and to maneuver while fish are landed. Plenty of storage throughout the gunnels and below the deck along with a wash station. The generator is onboard for overnight trips or late-night squid roundup catch for the next day's bait to land the bigger fish. Mid-cabin with a full head, galley, and forward seating that converts to V-berth sleeping quarters and an aft berth. The boat is outfitted with rocket launchers throughout. Helm is set up with The Axiom for auto pilot. The NMEA2000 drop is at the back. Complete installation just needs the Raymarine Evolution module. Seller did not correct because he was waiting to repower the engines. This listing has now been on the market a couple months. Please submit any and all offers today! Reason for selling is no longer used. At Pop Yachts, we will always provide you with a TRUE representation of every vessel we market.
