Description

Stock #509987 - Beautiful power catamaran in excellent condition, ready to have fun on the water! Twin Yanmar diesel engines! So much fun awaits your next adventure!2002 Prowler 450 Power Catamaran -- Where Weekends Become MemoriesSome boats take you out on the water. This one takes you away from everything. Built in Durban, South Africa, in 2002, this 48-foot Prowler 450 power catamaran is an absolute eye-catcher. An invitation to cast off on a Friday afternoon, watch the coastline shrink in your wake, and drop anchor somewhere the only agenda is a good sunset. From her sleek lines to the panoramic windows the seller describes as bullet-resistant, she turns heads in every harbor while wrapping you in light and unbroken water views from the comfort of the salon. Below deck, this catamaran was made for sharing the good life. Four staterooms, two with king-size beds and two with medium beds, each with its own skylight, so you and your guests can fall asleep beneath the stars. Four full heads with well-kept showers mean everyone gets comfort and privacy. And when the day winds down, a cherry wood bar with a wine rack and seating becomes the heart of the evening. The perfect setting for recounting the day's adventures over a glass of something good. Up top, the flybridge is where memories get made. A table and wrap-around seating for ten, ideal for sunset cocktails, a leisurely lunch at anchor, or simply watching the world drift by from the best seat on the water. The swim-step upgrade extended her from 45 to 48 feet and made life aboard effortless, be it stepping on with a week's provisions, slipping in for a morning swim, or launching the paddleboards. Navigation equipment includes radar, GPS autopilot, remote control, and Nobeltec electronic charting software, and she carries six deep-cycle house batteries plus two engine starting batteries in the engine compartment. Recent care includes a freshwater-cooled generator installed in June 2018, updated salon and passageway flooring, and an exhaust realignment to address fumes being

drawn back toward the aft deck, so the aft deck stays the inviting gathering spot it was meant to be. And with seller-reported fuel economy of 4 miles per gallon, this is a catamaran that lets you chase the horizon without chasing the fuel dock. This is more than a 45-foot power catamaran; it's a floating getaway with room for everyone you love. The lifestyle you've been dreaming about is waiting at the dock. Call today to arrange a viewing and see how quickly "someday" becomes "this weekend."This is a brand new listing, just on the market this week. Please submit all reasonable offers.
