Description

Stock #505792 - Great for cruising & skiing! Holds up to 16! Auto wake feature! Onboard battery charger! Looking for a great Wake Surfing Boat that you can use for wakeboarding or Skiing too? Look no further. This 2018 Moomba Mojo is a 23-foot V-Drive towboat that is known for its multi-sport versatility and ability to carry lots of people for maximum fun on the water! Powered by the Indmar Raptor 400, a 6.2L V8 engine that delivers great power out of the hole and runs great! The Wake Shaping System and built-in Ballast all managed through a synchronized ballast, plate, and sensor system that is automated and easy to use, with a touch screen system that continuously monitors the boat's pitch, roll, and water displacement using onboard hull sensors. If passengers move or fuel burns off, the AutoWake system dynamically adjusts by filling or draining individual ballast zones on the fly to keep the wave shape crisp and perfectly configured to your preset requirements. The boat has 3,000 lbs of water ballast and utilizes a fast-acting 6-pump system for faster filling/draining. Flow 2.0 / Flow 3.0 Surf System - Actuator-driven surf plates that are mounted to the transom intercept water flow to create an extra-clean, highly customizable wave on either side of the boat. Multi-Sport Smart Plate - a center wake plate controlled via a column-mounted lever at the helm. Drop the plate entirely to flatten the wake into a skiable surface at 28 mph or lift it to maximize the vertical pop for wakeboarding. The layout of the boat is comfortable and seats up to 16 people, with room to spread out and enjoy the day on the water. The onboard stereo system is powered by the Fuzion head unit with Bluetooth capability, so you can connect to your phone and play music that you select. The premium Wet Sounds marine speakers and amplifiers, plus tower speakers, deliver great sound on the boat or in the water behind while being towed. The Flooring and trim are heavy-duty GatorStep non-skid padding covering the swim platform, step-through transom, and heavily trafficked

walking areas in the boat. The A3 Wakeboard Tower is manually foldable uitlizing quick folding cam latch system, and has two wakeboard racks for quick storage when you are done boarding. Don't hesitate to contact me with any questions or to schedule an appointment to see this boat in person - you won't be disappointed! This listing is new to market.
