About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

71ft x 24ft x 6ft Custom Built House boat powered
by twin, 8V71 Detroit Diesel main engines!

***** CERTIFIED SINGLE
OWNER *****

This 2005 Custom Built 71ft x 24ft x 6ft Houseboat
is one of a kind. The seller custom-built it from the
steel hull to the beautiful interior finish work that
features natural cypress.

It is powered by two Detroit Diesel 8V71 engines, a
2:1 gear, driving 2\'' Stainless Steel shafts equipped
with 30\'' 4-blade bronze props.

The electric plant consists of a 20 KW Delco
generator driven by a Detroit Diesel 8V71 engine, a
23 KW generator driven by an Isuzu 4LE1 engine,
as well as shore power.

It features three levels with spiral staircases to traverse the levels. The lower level includes 4 private berths, a full head with a shower, and a large galley and dining table.

Move up the spiral staircase to the mid-level. It features three bunks, two large sofa's, and a TV with DRV. Go through the glass sliding doors to the utility room to access the full-size stackable washer & dryer, a 500 lb/day icemaker, and a full bathroom with a shower. Walk through the sliding glass door to the outside deck.

Moving up the second spiral staircase brings you to the pilothouse. It features a bunk, two stainless steel chart tables, as well as all the navigation equipment to safely pilot the boat. Controls include a Kobelt Full Follow-up tiller, a Kobelt Electronic Throttle Control (with station select, Station Lock, Throttle Override, and Synchronizer).

Gages for the Port and Starboard engines, switches, and spud controls are all mounted on stainless steel panels.

This houseboat is wired and has light fixtures for both 120 VAC and 12 VDC.

This houseboat has a USCG Certified Type II Marine Sanitation Device (sewerage treatment plant).

It also has an Ademco Electronic Security System.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [SellBoatsAndRVs \[dot\] com](https://www.SellBoatsAndRVs.com) to learn more.
