About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Beautiful 1956 Chris-Craft Capri 19! Original KLC Engine! No Soak Bottom! All New Decks and Refastened Sides!

In 1956, Elvis Presley hit the charts with \"Heartbreak Hotel\", the epic film \"The Ten Commandments\" dominated the box office, and the first hard disk was invented by IBM (it stored a \"whopping\" 5 megabytes of data). Also making a splash that year was this stylish 1956 CHRIS-CRAFT CAPRI 19 boat.

This vintage Capri has been professionally restored to its original beauty! The only exception is the addition of a \"no soak\" bottom hull. A typical wooden boat stored out of the water for a long time will tend to leak when it hits the water again. This is because the wood planks dry out and shrink out of

the water, and then swell up again once the boat is exposed to water.

On this Capri, the bottom hull was upgraded to prevent leaks. Old inner and outer planks were removed and discarded. The framework was repaired/replaced as necessary. Then two layers of marine plywood were installed using 3M 5200 adhesive. These were screwed to the framework with silicon bronze screws. Plywood was faired and sealed with clear penetrating epoxy. Then fiberglass cloth was applied with epoxy resin and sanded smooth. Epoxy primer was applied and then red Interlux paint. Finally, in honor of the original style, Pettit copper bronze paint was applied.

This Capri is powered by the original 120HP Chris-Craft KLC 6 Cylinder engine. (see the video to hear the engine running).

This boat will carry six lucky passengers on a one-of-a-kind joyride. However, be prepared for this boat's constant attention from curious bystanders.

Grab this vintage 1956 CHRIS-CRAFT CAPRI 19 and create new memories today!

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](http://WhereFreedomTakesYou.com) to learn more.

This listing has now been on the market 30 days. If you are thinking of making an offer, go ahead and submit it today! Let's make a deal!

Reason for selling is not in use anymore.
