Freshwater-only AR210 comes water ready, very low hours on the twin Yamaha jet drive engines!

The Yamaha AR 210 is one of the most popular boats of all time, and for good reason! Combining a very shallow draft of 18\" with the performance and dependability of the Yamaha engines results in an exciting package on the water! The large rear swim-deck and seating and lots of seating provided by the generous beam allow you to keep everyone entertained once stopped as well.

This boat has twin 110 HP Yamaha motors which jump the boat up to plane. And with the jet drives, you get an acceleration that is striking. The AR has a wake tower that makes watersports a breeze!

We are looking for people all over the country who share our love for boats. If you have a passion for
