About Us: POP YACHTS SALES
Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Includes full boat cover, electronics, and outriggers!

Project boat. Outboard engines run but have poor compression and sold as-is.

The Hull is what is being sold at this time.

Port Engine: cylinder #3 is shot and has low compression overall; Starboard engine: compression is 90-95 PSI.

This 2006 Striper 2901 Mid-Cabin Walkaround is ready to receive fish!! All she needs is a captain and crew.

Large and spacious aft deck to approach fish from all sides of the boat's rails and to maneuver while fish are landed. Plenty of storage throughout the gunnels and below the deck along with a wash station.

The generator is onboard for overnight trips or late-night squid roundup catch for the next day's bait to land the bigger fish.

Mid-cabin with a full head, galley, and forward seating that converts to V-berth sleeping quarters and an aft berth.

The boat is outfitted with rocket launchers throughout.

Helm is set up with The Axiom for auto pilot. The NMEA2000 drop is at the back. Complete installation just needs the Raymarine Evolution module. Seller did not correct because he was waiting to repower the engines.

This listing has now been on the market a couple months. Please submit any and all offers today!

Reason for selling is no longer used.

At Pop Yachts, we will always provide you with a TRUE representation of every vessel we market. We encourage all buyers to schedule a survey for an independent analysis.
