Westport Tri-Deck
Motoryacht

Zusätzliche Information

Beschreibung: 164' Westport Tri-Deck
Motoryacht
â€œYear: 2012
â€œCurrent Price: US\$
40,495,000
â€œLocated in WA,
United States
â€œHull Material:
Fiberglass
â€œEngine/Fuel Type:
Twin diesel
â€œYW# 8064-2424382

Additional Specs,
Equipment and
Information:

Boat Name
Westport 50 Meter
Specs
Builder: Westport

Dimensions

LOA: 164 ft 0 in

Beam: 30 ft 10 in

Maximum Draft: 7 ft 6 in

Engines

Engine Brand: MTU

Engine Model: 16V4000

Dimensions

Displacement: 690000

Engines

Total Power: 3650

Cruising Speed: 20

Max Speed: 24

Tanks

Fuel: 20000

Fresh Water: 2000

Holding: 1500

Vessel Walkthrough

Prized for the artistry of its contours as for the substance of its construction, the W 164 represents an exceptional landmark achievement in large yacht design.

Developed using leading-edge three-dimensional modeling and structural software applications also used in the aviation industry, this new yacht has met every objective for speed, ride, maneuverability, integrity, quality and classing capability. Every W 164 delivers exceptional quality, predictable performance and on-time, on-budget delivery as promised.

Westport's in-house interior design and

engineering teams have collaborated with world-renowned designer Donald Starkey and prominent naval architect William Garden to develop a refined hull form for exceptional ocean-going performance, an innovative accommodation plan which balances interior and on-deck spaces for maximum enjoyment and versatility, and a contemporary styling that ensures lasting appeal. The six-stateroom layout with on-deck full-beam master suite affords everyone a luxurious private retreat incorporating the finest fabrics, cabinetry, stone and leathers. An innovative arrangement includes a top-deck VIP suite with its own sun deck, a large formal dining room adjacent to the commercial-grade galley, and a garage aft for tenders and water toys. Designed for entertaining and relaxed socializing, the salon opens to a large covered aft deck with lounge, conversation areas and wet bar. Twin MTU 16V4000 diesels drive the Westport 164 to mid 20-knot top speeds, and throttle back to deliver transoceanic

range. The W164 is both
ABS and MCA
compliant.

Since 1964 Westport is
committed to delivering
the quality, reliability and
predictability that is the
Westport standard.

Remarks

With over 40 years of
experience in yacht
building Westport offers...

Exceptional quality

High cruise speeds

Unprecedented values

Renowned Naval

Architects

Unmatched reliability

World-Class customer

service

Industry leader in

composite construction

Unbeatable versatility

On-time, on-budget

delivery, as promised
