Vessel Walkthrough

CAMELOT™ sophisticated Euro lines are a product of the DeVries Lentsch design team, who gave her a sleek exterior while the interior has a traditional classic ambiance. She is easily boarded via port or starboard midship gates or her teak decked Euro transom. Dual stairways lead from the swim platform to the aft deck.

A water tight transom door opens to the lazarette with a large storage area.

The Aft Deck is open with overhead coverage from the boat deck. There are two cocktail tables that are easily converted to a full dining table with the addition of a matching varnished teak insert. There are 2

built in lounges w/coffee tables against the cabin bulkhead to port and starboard of the teak framed glass doors. These sliding doors are the entry to the Main Salon.

The Main Salon has handsomely appointed

furnishings in neutral tones with beautiful paneling of African striped mahogany and window treatments employing an elegant embroidered fabric. To starboard is a wet bar with 2 leather upholstered bar chairs, a refrigerator, ice machine and ample cabinetry for glass and bottle storage. There is a stairway to port leading to guest staterooms. The Salon has abundant seating with matching leather settees diagonally opposed. The settee to port will comfortably seat 4 while the large L-settee could accommodate 8-10. There is an entertainment center opposite the L-settee, a large glass coffee table and exquisite built in cabinetry. The hallway to port leads forward to the on deck office. The rich tones of the striped African mahogany paneling and cabinets along with the chocolate leather settee and desk chairs make this an intimate setting for quiet reading or taking care of business. The Galley is forward of the office. Here, too, the classic look of an earlier yachting era is carried out in the design of cabinetry. The Galley was upgraded in 2008 with new appliances, counter tops and sole. A watertight door to port and starboard provide entry from the main deck and are convenient for the crew to load stores. The formal Dining Salon, forward, is an elegant setting with panoramic views from windows on three sides. An oval mahogany table seats up to ten and the cabinetry and appointments of this area are reminiscent of classic yacht interiors. A stairway to port at the entry of the Dining Salon leads to the Master and VIP Staterooms while the stairway forward leads to the Crewâ€™s Quarters. The full beam Master Stateroom has a queen berth

athwartship with mahogany headboard against the starboard bulkhead. The master has light paneling with mahogany accents. There is a full beam head with double sinks, bidet and Jacuzzi bath tub. The VIP has twin berths and an en suite head with shower. There are 3 Guest Staterooms aft accessed via the stairway from the Main Salon. Aft is a full beam king berth cabin with en suite head and shower. The king berth can be separated to produce 2 twin berths. Forward from the foyer is a double berth cabin to port with en suite head and shower and the starboard cabin has twin berths and an en suite head with shower. Stairs from the port hallway on the Main Deck ascend to the enclosed Pilothouse. The Pilothouse is fully equipped with updated electronics and navigational equipment. There is a settee and two helm chairs. Just aft is the Captain's overnight watch cabin which also doubles as an office and communications room. Moving aft is a bimini covered lounging area with a U-settee with storage below and a hi/low table. This area is another excellent setting for al fresco dining. Additionally there are two love seats facing aft. Three steps lead to the Flybridge with fully open helm station and bench seating for 6.
