Electric windlass

Accommodations

"La Meghan" sleeps 6 owners and guests in 3 staterooms, plus 2 dinette and 1 settee berth for a

total of 9 berths. The master stateroom is aft with head, stall shower and Pullman double berth and Nav station. There are 2 guest staterooms including 1 guest head. The forward stateroom consists of a full width double V-berth. Immediately aft on the port side is the head. Next aft is the salon with L shaped settee to port and straight settee to starboard and a drop leaf mahogany table with storage compartments. Aft of the salon to starboard is a U-shaped galley with excellent storage. Opposite the galley to port is the second guest stateroom with upper and lower berths. There is a mid-ship companionway and second aft companionway entry from the cockpit to the master cabin and navigation center. Access to the owners cabin is through a passageway or from 2nd access steps from the cockpit

There are numerous lockers, drawers and shelves for storage. Outboard of the main salon backrests are multiple deep storage compartments. Above and behind the salon settees are pairs of lockers with shelves between. The navigation area, with hinged tabletop, has storage drawers under, and the radios and instruments are flush mounted above.

Galley

U-shaped galley with plenty of counter space and excellent natural light and ventilation from two large opening ports and midship companionway.

aft cabin

Village Marine Watermaker (Inop)

Water Heater

Safety

- MOM8 module (man overboard kit) (not currently inspected)
- Life sling
- Drogue
- Emergency tiller

Brokers Remarks

Full disclosure, In 1992 she was had a minor grounding in the Pacific Northwest. When she was improperly pulled off, her skeg was damaged and she took on water.. While there was no damage to the hull, deck, mast or rigging, her wiring, machinery and electrical panels had to be replaced and the bulkheads refurbished. In 2009 she suffered a lightning strike and was refitted by Global Marine in Ft. Lauderdale.

She is a sturdy, well equipped bluewater cruising Ketch. She will carry her new owners far and wide, safely. Her owners are negotiable and looking for offers

Shannon Boat Company is acknowledged as one of the finest semi-custom yards in the world. Their yachts are exceptionally strong, offer very good performance and are quality finished. The Shannon 50 has the ideal cruising design with long shoal keel with separated skeg protective rudder. The propeller is fully protected in an aperture between the skeg and rudder. She offers a very easy motion and superior tracking characteristics. The Airex cored hull provides thermal and sound insulation and superior strength
