The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. This one owner Jupiter is a stunning example of a well-maintained and constantly upgraded boat. The seller has all of the service records to review with a contract. All maintenance and service are up to date. This boat needs nothing. This boat looks and performs like a new boat. The seller clearly takes pride in his vessel.

The forward seating is a great setup. This boat has a filler center cushion to make one large sun pad. The is plenty of storage below the seating. The front of the console has seating and more storage.

There are wide walkways to the rear of the boat. The

captain sits high on a leaning post with a backrest. A fold-away transom bench seat is a great feature.

For convivence, there is a stand-up head in the oversized console. The boat has massive fish boxes forward and aft. In-deck rod storage boxes.

This fishing machine has a 1000watt Garmin, rod holders on the gunnels, rocket launchers, a 45 gallon live well and swivel outrigger bases.

Recent upgrades and maintenance include an updated fabric top, cushions, and gas hatch lifts among other things. The stereo and electronics have been recently updated as well.

You would be proud to go dockside anywhere with this beauty. Take a look at the pictures, video, and virtual tour.
