About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Big, Beautiful, Fast, and Ready to Ride! Come See how nice this one really is!

This beautiful Formula FAStech 271 is powered by a Mercruiser 496 MAG High Output 425 Hp with a Bravo One outdrive with only 430 hours. It also features thru-bolted race-style engine mounts, Bennett trim tabs, a stainless steel lab-finished 4-bladed prop, Captain's Call thru-transom exhaust (Factory option), complete bow-to-stern custom heavy-duty Sumbrella boat cover.

For your comfort, there are McLeod electric-assist offshore-style bolsters, aft lounge seating for four w/storage beneath, and side coaming storage. Behind the sliding/locking cabin door, there is an Ultra-leather double bow berth and lounge seating. The cockpit is accented with a custom carpet with a sculptured FAStech logo. A Kenwood entertainment center completes the package with remote control AM/FM/CD stereo, change control, and two 160W 4" x 10" 2-way marine grade speakers.

The galley has a sink with pressurized water and there is a large V-berth with two 12-volt reading lights and plenty of storage. There is a portable head

with dockside pump-out

The boat is equipped with a Garmin GPS and Garmin Depth Sounder/Fish Finder, and features cabin bus heat, two 12v batteries (one for starting and one house), a Danforth anchor w/rode. and 4 white docking bumpers.

The FAStech features a foam-filled hull, continuously molded with a structural grid. It is a chemically bonded and thru-bolted deck-to-hull joint with a heavy-duty PVC gunwale with stainless steel inserts. It looks great with stainless steel hardware and 316L stainless steel welded rails, stainless steel fuel fill with an integral vent, and two Bomar cabin venting hatches with screens.

The tinted, tempered and curved windshield gives it a good look, as does the concealed air horn, the integrated swim platform with a 316L stainless steel swim ladder, and the continuously molded deck and cockpit liner. The blue/white courtesy lights are a nice visual touch at night.

Other features include the Ritchie compass, a separate digital depth sounder, a Livorsi shifter/throttle with an in-handle trim switch, a safety ignition stop switch with a tether, and a tilt steering wheel.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [SellBoatsAndRVs \[dot\] com](http://SellBoatsAndRVs.com) to learn more.
