Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

SALE PENDING 34' Cruiser Perfect for
cruising or just enjoying the harbor. Well maintained
boat, consistently improved!

The O'Day 34 hull construction is a solid laminate of
fiberglass and plastic resin. There is an interior
fiberglass hull liner that forms the lockers, seats, and
berths as well as a considerable part of the support
of the hull shell. Proven as a comfortable
adventurous coastal cruiser that performs well
around the buoys for those so inclined.

Like most of O'Day's cruising designs, the 34 is
aimed at moderate sailing performance and spacious
accommodations. The deep draft keel is a moderate
aspect fin for good windward performance and the
rudder is large for good control.

The interior arrangement of the 34/35 is right out of

yacht design 101. There is a V-berth cabin forward followed by head to port and hanging lockers to starboard. There are port and starboard settees in the main saloon with a centerline drop-leaf table followed by a starboard side quarter berth and navigation station and port side U-shaped galley.
