Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

BIG BOWRIDER WITH 250 HP ENGINE, ROOM
FOR 12 RIDERS, CONVERTIBLE SEATING
AND A HUGE SUNPAD!!

***** CERTIFIED SINGLE
OWNER *****

Get ready to cruise the islands, hit the sandbars, or
make a day of watersports! This Chaparral 227SSX
has the capacity and power to do it all and it is
available for sale in North Florida!

Bring family and friends because this Chaparral has
a capacity for up to 12 riders. The bow seating is
luxurious and the cockpit table mounts between the
seats. A second mount is behind the windscreen in
the main cockpit area.

The port-side passenger seats fold down to create a big sun lounger. More space to lounge at the stern and on the sun pad. The expansive swim platform adds room to roam when at anchor and this Chaparral has boarding ladders at the bow and stern of the boat.

The tow pylon atop the tower is perfect for wakeboarding or tubing. The tower folds down with a hand turn of two levers. The bimini shade deploys with the tower so it can be used while the tower is in the up position or down.

The helm aboard the Chaparral is nicely outfitted with a Garmin GPS-multi-function display system and a Polk Audio system. Additional controls are at the passenger seat and another at the swim platform.

The 227SSX is powered by a Mercruiser 4.5L 250hp engine with a Bravo Three outdrive. Efficient cruise speeds are around 20 MPH and top speeds are an exhilarating 45 MPH aboard this great boat.
