Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. This 1987 Silverton 37 is a well maintained motor yacht. Powered by twin 454 cubic inch Crusader, this yacht is spacious, functional and elegant all at once. It sleeps six persons and easily holds 15 passengers for cruising.

You enter the boat aft on either port or starboard and have ready access through a sliding door to the main salon. The salon also contains the lower helm for steering and navigation.

Down a few steps, takes you to the fully equipped galley and dinette. Going forward is a twin berth V-berth and plenty of cabinet and drawer storage for your personal belongings.

Throughout the vessel, you notice the well-preserved wood paneling, woodwork and cabinetry. The

owners have done a great job of keeping all the wood looking really good.

This boat has lived its entire life undercover, which has helped keep her looking good. The low hours of the boat are a result of being at the dock for extended periods of time. However, in the past several years the boat has seen regular cruise activity in the California Delta.

Silverton boats have a long good reputation and this boat doesn't disappoint. Come to Sacramento, CA and see it for yourself.
