Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Seaswirl in very good condition, fishing, cruising, dual axle trailer included, ready!

This Seaswirl 2300 is a fish catching machine. The seller outfitted the boat to do just that, and it's performed well over the years.

Initially made with the built-in bait tank, the seller added the extra tank on the swim step for overnight trips out to Outer Islands.

The captain's and passenger seats were replaced, more rocket launchers were added to the custom radar arch, and the seller uses a fish bag to carry his catch.

The Cabin of the SeaSwirl does have a V-Berth, sink, Single Burner Cooktop that's never been used and a porta-potty with flush-out capability to make

overnights a lot easier.

The cockpit on the Seaswirl has a good amount of room during a wide-open bite and even includes a table for those times the family wants to enjoy a day on the water.

The Raymarine Element 9HV has a thru-hull transducer for clarity and accuracy and has a brand new Raymarine 24 mile Wifi radar dome.

If you're in the market for a fishing boat that doubles as a nice family boat, this Seaswirl fits the bill.
