Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

250 HP MERCUISER, GREAT RUNNING
CONDITION!! THE PERFECT FAMILY BOAT,
READY FOR THE WATER

The Bayliner VR series features beautiful lines that provide a usable function for the new owner with a fun, sporty look.

Perfect for most water sports, the companion seat transforms into a large seating area along the entire port side with a backrest on the console for facing back toward the action. Behind the helm seat is another rear-facing seat, also for keeping an eye on the riders.

But if you want to work on your tan out in the sun, then keep the companion seat in the down position,

add the starboard walkway filler cushions and prop the walkway door up and you have a large sun pad lounge along with a U-shaped cockpit lounge inside of the boat.

The many functional design elements give this VR6 the usable space of a 25-foot runabout.

Additionally, storage is also what sets this boat apart from most. A large ski locker in the floor, and the port console opens to a locking change area which has been turned into a head with the upgrade.

Also included is a large-screen Lowrance GPS
