Beautiful 1996 Manta!! great shape, lots of recent work done, twin Mercury Performance engines 465 HP each !

Legendary racing hull from Team Manta is looking for a new home.

Beautiful sporty lines all around this boat. A head turner anywhere you go. This beast is powered by Naturally Aspirated Mercruiser Racing HP465 engines producing 465 HP each. This boat will cruise at 34 mph and top at 70+ mph. Pure excitement on the water.

A proven layout gives you a comfortable sun pad aft, a swim platform, a big bench in the cockpit area, and two bolster seat midship. The helm has all the controls easily accessible, and all the gauges right below the line of sight.

The cabin provides lots of seating space right by the entrance. A nice galley area with a sink and lots of storage. There is a big storage compartment by the area too. On the starboard side, you have your enclosed wet head with sink, and a storage compartment too.

Forward you have a big u-shape seating area with plenty of natural light and space to relax. This area also doubles as 2 single berths.

At the bow, you have a big v-berth to get some rest while out on the water. This area is intentionally dark to get the least light possible while sleeping.

Overall, a true racing boat ready to provide lots of fun and excitement every time you go out.
