The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. this and you have a real classic! Engine runs strong!

This is your chance to own a rare Chris-Craft
classic. This 22 foot Cutlass Cavalier was purchased
by the current owner with dreams of refurbishing the
boat. Alas, he needs to pass it along to someone else.

The boat is powered by a Chris-Craft 327 (Chevy
Block) with 210 Hp, and a direct drive. The engine
is easily accessible for maintenance. There are basic
instrumentation and controls included.

There is a cuddy cabin that will sleep two, with a
manual marine toilet and 12 volt cabin lighting.

This is a great winter project that will have you on
the water next spring.
