Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Construido: 1993

Descripción: Stock #343989 -

This 2700 Sportsman is a fishing machine! Twin Suzuki 175s, Garmin electronics, trailer included! Includes all accessories - price is firm.

This is a well maintained 1993 Pro-Line 2700 Sportsman center console. The deep-V hull is designed to comfortably slice through heavy seas. A pair of 2013 Suzuki 175 HP 4-stroke engines provide economic power to spare.

Bow to stern, a lot of thought was put into incorporating the best use of space with storage areas not usually found on a boat this size, yet still not sacrificing functionality from the fishing standpoint. Fish boxes, live wells, rod or gaff storage, are all things there is seldom enough of. These are all addressed with the thoughtful design of this boat.

The helm station is set up to display all instruments and controls and to have them within easy reach.

The electronics include a Garmin GPS-fishfinder and chart map and a VHF radio which are kept high and dry in the box above the console along with the stereo control.

There is no shortage of rod holders in the gunwale, the rocket launcher and in the helm seat. Additional rod holders are on the top as well as deck lights, rigger bases and VHF antennae.

The cockpit has fish boxes built in and the transom has a tool / knife holder, sink and cleaning station. Washdown controls are also built into the transom.

All in all a great package for someone who wants to go fishing tomorrow and isn't looking for a project before being ready to go. A great boat in good shape with good power and trailer. Let's go fishing

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit Careers [dot] PopSells [dot] com to learn more.

Please submit any and ALL offers - your offer may be accepted! Submit your offer today!
