Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

POPULAR ** PURSUIT 345 OFFSHORE **
TWIN 2014 YAMAHA 350's! READY TO FISH
OR CRUISE!

Step aboard this gorgeous PURSUIT 345
OFFSHORE for a great day on the water fishing or
cruising !!

Powered by twin YAMAHA 350s with only 340
hours.

The twin Yamaha F350s provide all the performance
you'll ever need, getting the big boat on plane
quickly and reaching a respectable cruising speed of
32 mph and a top end of 48 mph. The OS 345 is no
lightweight at close to 16,000lbs and it isn't meant to
be. Instead, it provides a smooth, dry, and solid ride
in most conditions and is long in the comfort

department.

The twin Yamaha F350s sit on a large integrated engine platform, separated from the cockpit by a transom bulkhead which has a gate to port, allowing access to the stern, where you'll find a shower with both hot and cold water. A large fold-down seat disappears into the bulkhead when not needed for passenger seating. Inside the bulkhead, there's a handy storage area for the boat's batteries and switches, accessed by a large fiberglass hatch that raises on gas rams, making it a snap to get to a battery or throw a switch. To starboard is a large 45-gallon live well.

There are two large 40-gallon in-deck fish boxes to port and starboard. In the center is a large hatch that contains the boat's pumps and through-hulls, all easily reached for service. The boat's Panda 8kw generator is mounted down there as well.

A large tackle center resides at the forward end of the cockpit and it also holds a unique slide-out bench seat. The port box contains two pullout tackle drawers, and a Kenyon grill rests on top next to a freshwater sink. The starboard cockpit box holds a 12V refrigerator-freezer box.

The helm is well arranged and includes 2 GARMIN 16" MFDs with GARMIN radar and SIMRAD autopilot. There are also controls for the bow thruster and other systems.

The center section of the cockpit windshield opens on an electric ram to provide fresh air, and there are two large manually operated roof hatches to bring in more fresh air, but you don't need it because the entire bridge deck can be cooled by one of the two AC units - one for the enclosed helm and one for the cabin. The rear canvas with isenglass keeps the cool air in. An L-shaped lounge to port sits atop the boat's DC electrical panel.

Belowdecks, the 345 Offshore provides an impressive amount of room for a 34-foot boat. The

head sits to starboard as you enter the cabin and comes complete with a stylish glass bowl sink, toilet and shower.

Forward is a high-low table for dining and it can then be lowered to create a larger berth. Sit back and enjoy the large flat-screen TV.

The galley is to port and features a microwave oven, a Kenyon cooktop, a refrigerator, and a nice amount of cabinet storage.

Aft of the galley, there's a mid-berth that will hold two people, or it can be used for additional storage. It has a hanging locker, drawer storage, and a settee.

The entire cabin is finished with a teak-and-holly sole for a great look.

**** DON'T WAIT ON THIS VERY WELL
MAINTAINED & WELL-PRICED PURSUIT 345
OFFSHORE !!**
