Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

2018 NauticStar 203DC for sale, low hours on the
Yamaha 150 HP motor, ready to hit the water!

This is a great 10-passenger family boat that is ready
for watersports and weekend fun. With only 268
lifetime hours on the motor, you'll get plenty more
enjoyment from this boat!

The boat has always been kept on a lift or a trailer,
and as a result, the bottom has not been painted,
allowing her new owner to trailer to wherever they
want.

The boat has a great amount of seating and a
pedestal table making entertaining a breeze. Storage
is ample with under-seat compartments as well as a
compartment forward of the helm for all your water
sports and food and beverage gear.

The ski pylon is perfect for skiing and tubing. With the Yamaha 150, getting out of the hole and on plane will be easy. The seller added the whale tail with dual rudders so the boat tracks well even at lower speeds.

Forward, you'll find an anchor locker as well as a bow beach ladder for re-boarding after a swim. There is also a boarding ladder on the stern swim platform.

The boat's helm is well-appointed allowing the captain to monitor all the action while underway. The rear-facing passenger seat is great for spotting your skiers while behind the boat.

This boat also has the fishing package, so there is a 22 gal live well / baitwell.

The trailer was purchased in 2021 and is also ready for trailering or for winter storage.

Make your appointment to see this boat today and get her on the water.
