#### Engines

Total Power: 1825

#### Accommodations

There are four staterooms  
suites; a full width master  
with king bed, a full width  
VIP with king, and two  
spacious guest cabins  
with twins. Each  
stateroom has large  
wardrobes and elegant  
bathrooms.

The "open space" that  
encompasses most of the  
main deck hosts the salon,  
interior bar and dining.

With the raised ceiling  
and large windows the  
main deck living area has  
an ambience with a  
wonderful visual impact.

The upper deck salon has  
a sliding roof that creates  
an even brighter  
atmosphere, from here we  
have 360 degrees views of  
the sea. There is an upper  
sun terrace aft of the sky  
lounge.

Audio/Video. lights, air

conditioning and blinds are controlled through a Domotic system with strategically placed touch screen.

Aft of the tender garage is a large teak swimming beach with gently sloping stairways to the main aft deck.

There are three double cabins for up to six crew and modern galley adjacent to the dining salon.

Navigation System

Sophisticated night vision system Night Navigator 5024, increasing the visibility during navigation.

Wheelhouse

Besides the already fully equipped standard instrumentation, that foresees only the latest generation and top mark goods, as sophisticated night vision system has been installed for an all around safer navigation.

Dining

From the dining table, that can comfortably seat 10 people, one can enjoy extending views out over the sea through the elegant wide-semi circular windows.

The volume throughout the whole yacht is worthy of larger yachts and is rather spectacular. The ceiling in this particular point reaches a height of

3.20 meters.

#### Salon

An "Open Space" that occupies most of the main deck without encountering any architectural barriers hosts the main salon, bar area and dining area.

The wide windows, the adoption of some techniques that give importance to perspective lines, as well as the combination of chrome elements increases the sensation of spaciousness and the whole ambience provides a powerful visual impact.

#### Master Stateroom

As per the main deck the presence of these two elegant semi-circular windows gives the main cabin the extra touch.

The project, especially in this area favoured the liveability and practicality, keeping in mind comfort and utilising the space rationally.

The owner has at his disposal two large wardrobes and numerous storage compartments.

The private bathroom takes advantage of the hull beam as the main cabin and has two separate areas for WC and a shower together with the bath tub.

#### VIP Stateroom

The comfort and elegance offered by this cabin is that of a larger cabin destined to the owner. The cabin offers not only a desk but is also well furnished with two wardrobes and numerous functional built-in wall cabinets

#### Guest Stateroom

There are two additional guest cabins with twin berths and ensuite bathrooms

#### Crew Quarters

Three double cabins and three bathrooms with showers

#### Engine Room

Any navigation requisite can be fully satisfied, either a quick trip or a relaxing cruise. This motor yacht may reach a maximum speed of 26 knots, while the cruising speed is 22 knots. Thanks to the "Long Range" system, a valid alternative is offered to the classical performance of a powerful motor yacht, in fact, such system allows to cruise with only the center engine at 12 knots, increasing the autonomy up to 1.400 nm

#### Electronics

Electronics include Swimrad radar and autopilot, Swimrad C569 navigator and night vision system

#### Generators

• Two Kohler 55KW  
generators  
• Bow & Stern thruster  
• Two watermakers  
(Idomar 180L per hr)

#### Disclaimer

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. A sleek and sinuous profile with wide elegant windows and a decidedly impressive interiors. Life onboard is optimized with high ceilings and the luxurious of spacious living areas.

Built to R.I.N.A's class, Lady Candy II has received the "comfort class" certificate, one of the first fiberglass yachts to receive such recognition. A special system to reduced noise levels to 56 decibels makes the classification possible. Having passed the specific performance

and stability tests if the  
Vienna Basin, the  
Versilcraft planet 120' is  
rated R.I.N.A A1 malta  
cross
