Cruising Speed: 10 knots  
Tanks  
Fresh Water Tanks:  
(1980 Gallons)  
Fuel Tanks: (3969  
Gallons)

### Sundeck

The exceptionally large and spacious sundeck is accessed by stairs from the aft deck on the port side. Aft there is a large cushioned seating area, under a fixed awning. Up to 20 people can be seated in comfort. Forward of this seating area is the crane for the Boston Whaler and rib and fully forward is the second helm position. This also has a fixed awning. There is an additional cushioned sunbathing area in front of the raised wheelhouse with access by stairs from the foredeck.

### Main Deck

Access from the shore to the very large aft deck is via a folding passerelle above the swim platform.

On the main deck starting aft, there is a large deck for entertaining and will accommodate 8 -10 for dining. Moving forward

into the main salon through an automatic sliding door, is an L shaped settee to starboard, and a large table which can convert for dining. To the left of the salon entrance is a bar with stools around. Here there is a fridge, ice maker and sink To port and forward is the entrance to the galley via an automatic sliding door and aft to port are stairs leading down the accommodation.

Access to the raised wheelhouse is by stairs located aft of the galley.

There is a watertight door on both sides of the crew mess opening to the deck. There is also a boarding ladder situated on the starboard side of the yacht for easy access to the tenders, thus leaving the swimming platform clear.

#### Lower Deck

The lower deck owner accommodations have 4 double staterooms and 3 full baths.

Access to the accommodations, all of which are aft of the engine room, is by the stairs from the saloon. Fully aft is the owner's cabin with a

queen bed on the centerline with bathroom ensuite. Forward of this and to port is a "convertible" cabin with 2 extra Pullman berths. Opposite this cabin and slightly further forward down the corridor, is a guest cabin with double bed positioned athwart ships with bathroom ensuite which is shared with another guest cabin opposite, also with a double bed positioned athwart ships. To port is a double cabin with cross over beds and bathroom ensuite. Just aft of this cabin is a guest water closet, which doubles as a day head.

The crew accommodations consist of the captain's cabin fully forward with double bed on the centerline and private bath and two twin bedded cabins, both with shower and toilet. There is also a sauna in this area
