Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Twin 225 HP 2.5L Mercury 225 Pro Max, ROS gas outboard 2-stroke engines

This 1998 POWER PLAY 25 SPORT DECK is a great boat for having an exciting and high performance experience on the water!

The boat hails from Long Island, NY. The current owner purchased her in 2021 and enjoyed spending time with family and friends on her on the Great South Bay on the south shore of Long Island.

She is powered with twin Mercury Pro Max 225 HP engines that comfortably cruise at 50 MPH and she tops out at 82 miles per hour which is plenty of speed to fly on the water!

This boat is also known to be able to handle heavy water very well, cutting through very easily, providing a great riding experience.

Although there are wind deflectors that help protect you from the wind at very high speeds, you will still need to hold on to your hat when flying through the water.

There is plenty of room to entertain up to 5 passengers.

She has a nice buddy cabin that affords enough space for two (2) people to enjoy overnight stays on the water.

If it is speed that you're looking for, you will not be disappointed with this beautiful 1998 Power Play 25 Sport Deck!
