Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

This 1956 CHRIS-CRAFT SPORTSMAN is a
classic boat!

The boat hails from Ohio where the current owner
purchased her in 2010. The boat had been sitting in a
barn for 30 years at the time of purchase. The
current owner took the boat and had her hull and
interior upholstery professionally refurbished in
Cincinnati, Ohio before bringing her to New
Hampshire.

The boat has always been in freshwater only, she has
never seen saltwater.

The current owner has always properly winterized
her and stored her indoors.

The seller had a custom cover designed for the boat

that includes a skirt that fully covers the mahogany wood to protect it.

The boat is perfect for cruising around as well as participating in simple water sports if so desired.

The horn on the boat is chrome and will for sure get attention when used: especially if you need to get the ducks out of your way!

The seller loves the boat; however, due to physical limitations is unable to get in and out of the boat with ease and as much as it's difficult to let her go; the seller doesn't want to let her just sit around and collect dust for another 30 years when she can be bringing the same to her next owner as she did to her current owner.

The next owner is in for a treat and will not be disappointed with this classic Chris-Craft runabout!
