Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Description: Stock #246254 -

Repowered with Yamaha 4-stroke, Updated T-Top,  
Ready To Fish!

A nice, efficient size for the first time boater or seasoned alike, this Robalo 2440 walkaround cuddy can facilitate multiple types of missions, from pure fishing, to overnights, to...Well, we're not so sure what each of us will like to do, but this boat should be a good way to find out without breaking the bank.

This is a well-made brand, tough, they hold up well over time, this particular one is no exception, popular with many avid fishermen, gives a good ride and represents a good value, if there is such a thing with any boat.

The combination of generous fuel capacity and efficient 4-stroke power yields surprising endurance and operating range for a boat of this size. And, with decent size below-deck pump-out fish boxes, multiple built-in tackle centers, rod holders, rocket

launchers, under-gunwale rod storage as well as insulated bait/storage/coolers, full days with wet lines may be contemplated.

The raised helm seating gives good all-round visibility in all weather thanks to the wrap-around windshield and isinglass, with controls and instruments well placed and familiar.

Down below for hanging out, nappy-time, changing or private moments you've got a V-berth with filler/table, sink, porta-potty, and overhead lighting.

So, study the photos, review the specifications, think about the mission you have for the boat, or better still the boat you need for the mission you have in mind, and if this is the one, make a move.

The boat is scheduled to be hauled, wrapped and pickled in mid November, after which the cost to the buyer of inspection goes up greatly, so the time to act is now.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [SellBoatsAndRVs \[dot\] com](http://SellBoatsAndRVs.com) to learn more.

Please submit any and ALL offers - your offer may be accepted! Submit your offer today!

Reason for selling is getting a bigger boat.
