Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Great boat that includes GPS, depth sounder, and  
knot meter!

Classic 1983 Ericson 26 with diesel engine. Boat is  
reported to be in good condition and great for single  
handing and big enough when a crew is available  
too.

This is a nice boat for couple or small family  
looking to do some cruising or day sailing. Designed  
by long time naval architect Bruce King, it packs a  
lot into a 26 footer.

Known as a stiff and reasonably fast sailer, she will  
be a good move up for daysailers and will also make  
a very comfortable single-hander. With self-tailing  
winches , a furling headsail and a mainsheet in the  
cockpit, it will be easy to control from the helm.

Below is a traditional layout with forward V-berth  
followed by an enclosed head to starboard and

hanging locker opposite. Settees are back to both sides and a drop down dinette is to starboard.

Further aft is a galley to port and a quarter berth opposite. With multiple bunks she is said to sleep 6 but 2-4 will be much more comfortable. With a Yanmar diesel engine, she will handle a wide variety of conditions and push the boat to hull speed easily.
