About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Performance and comfort in one luxurious package!
SSX 267 with underwater lights, powered by a
300HP Volvo Penta with only 173 hours!

Chaparral is known for quality boats built by skilled
craftsmen. Stainless steel is used throughout for all
fittings and fixtures.

The owner has enjoyed the power and performance,
ease of control, fuel economy, and creature comfort
features of his boat. He finds it easy to operate and
loves the incredibly cool-sounding Corsa \"Captain's
Call\" exhaust diverter. Driving the boat is easy with
the power steering and excellent visibility from the
cockpit.

For the passengers, comfort and convenience are
key.

This deck boat has excellent ergonomic design features, including top-quality seating for up to 13 people, flowing lines, numerous stainless steel cup holders, and compartments for storage. A triple-position stern seat is reversible to connect everyone on board with those on the integrated fiberglass swim platform or in the water. It easily converts into a large sun pad. There is also a head that has a marine toilet, sink, countertop, and porthole.

The cockpit area has a fitting for the portable cocktail table and galley-style sink with a solid countertop. The bow seating area also has a fitting for the cocktail table. A pressurized hand shower can be found in the stern near the large swim platform. The boat also has a large Bimini to provide sun protection.

A stern door separates the swim platform from the passenger area. Likewise, there is a door and windshield pass-through to access the bow seating area. The bow area door is recessed when not in use. The stern and bow each feature stainless steel ladders for easy access to the deck from the water or beach.

For the captain and first mate, dual premium bucket seats, with bolsters are included. The cockpit has gauges for all systems and controls for the horn, lights, engine trim, and the Captain's Call exhaust diverter. A Garmin 541s chart plotter/depth finder is included. A lockable glove box is included on the left side of the cockpit.

For water sports fun, the boat has a ski tow hook and more than sufficient power and maneuverability to tow skiers and tubers.

The large swim platform makes it easy to access the water and return to the deck. There is a large storage compartment under the floor to store skis and water toys. A Sirius satellite radio with AM/FM, CD player, and remote control is also included, featuring high-quality waterproof speakers.

Sitting on a deep Vee hull with 23-degree dead rise, the SSX 267 gets on plane quickly and cuts through the chop. Injected closed-cell foam is used in the bottom of the hull for added structural support and sound deadening. Powered by a reliable Volvo Punta 300 HP gas engine with dual counter-rotating props, the boat is strong, tracks extremely well, and is easy to maneuver in tight spaces. The single-engine design results in excellent fuel economy with little or no tradeoff in performance. The engine compartment has an electric hatch lid. There is also a lot of room in the engine compartment which just makes everything easier.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](http://WhereFreedomTakesYou.com) to learn more.

This listing has now been on the market a couple months. Please submit any and all offers today!

Reason for selling is not using it.
