Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

A BEAUTY ON THE WATER!!! VERY WELL
MAINTAINED AND IN GREAT RUNNING
CONDITION!! COMFORTABLE CRUISER!

This classic Hunter 34 is a great sailing yacht for cruising or day sailing. She's fast, and roomy and still has modern features today. A well-received model amongst sailors. The 1986 Hunter 34 was one of the most revolutionary designs ever produced by Hunter Marine.

With a huge rig, she sails fast, particularly in light air.

This boat offers the true charm of the ocean without the TVs, Stereos, and Wifi. You'll be reading the tell-tail on the sails and the water instead of reading a tech screen.

This 1986 Hunter 34 offers an unparalleled list of amenities for complete comfort and convenience. She features a large cockpit with pedestal steering, a fully equipped galley, a fore-and-aft facing dinette, a head with shower, a chart table, spacious storage, and a spacious six-berth, two-cabin layout. She features a roomy forward stateroom and a second aft stateroom. It is designed to provide comfortable living space for two couples, and there is extra bunk space provided by the dinette and bench seat.

Sails were replaced recently with a roller furling main used one season and the roller furling jib used two seasons. These are considered comfortable cruisers and excellent club racers - very good light wind performance and no need to carry huge headsails to make them go.

If you are ready to move up or get into sailing this might be a great choice for you. Call me today to discuss options for getting on the water today.
