Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Aluminum Xtreme, 90 HP Suzuki 4-Stroke Power,
Minn Kota Trolling Motor, Garmin Electronics,
Trailer Included!!

This Xtreme Brute 1854 is a formidable aluminum
fishing and hunting boat and it is available for sale
in North Florida!

The Brute sets the standard for tough, stable
aluminum fishing and utility boats. Made for flats,
shallow bays, lakes and stumpy waters, this Xtreme
is made to take it. The owner had the center console
moved to the forward deck to make room for more
deck space in the center of the boat. This boat has
been used on freshwater only and brought in the
Bass, Bream, and Catfish by the haul.

The Brute is powered by a Suzuki 90 HP 4-stroke
motor. The owner estimates the engine hours at 50.

At the bow is the Minn Kota Edge trolling motor and this one is outfitted with two Minn Kota electric anchors.

Locking rod storage and compartments surround the deck. The boat has a rated capacity for 4 riders, has three fold-down pedestal seats, and front and rear casting decks providing excellent access to the water.

Plan ahead for configuring this boat to work for you. The deck is raised slightly so you can run wiring and cables to accommodate electronics, electrical and mechanical features. This boat will evolve with your needs.
