The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. The Yamaha SX240 is a fantastic full family boat! With seating for 12, you can bring the whole family, but with twin 180 HP engines and jet drives, you will have all the excitement of a speed boat. Also, the jet drives are safer while swimming around the boat!

The boat starts with the large aft swim platform, including rear-facing seats and rear stereo controls for the days when you want to float off the rear.

As you walk through the transom, there is plenty of seating in the U-shaped aft benches and upgraded captain's chairs. Forward of the helm, there is an enclosed head to port and storage to starboard. There is adjustable V-style bow seating that can also be turned into a bow sun pad.

Finally at the bow, there is an anchor locker with a bow boarding ladder for the beach days!

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](http://WhereFreedomTakesYou.com) to learn more.
