Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

This Larson 290 Cabrio is a great boat for Catalina Island or just cruising the harbor.

She is powered by a rebuilt Volvo Penta 7.4L 310 HP engine with a closed cooling system and a Volvo Penta DuoProp outdrive.

The hull on this Larson Cabrio 290 is a modified V hull bottom with an "amidship" step that divides the hull into forward and aft sections- what Larson calls a Duo DeltaConic hull. The effect on the hull is impressive.

In the cockpit, there is a walkthrough transom with a door and a transom bench that meets another bench

on the port side making an L bench.

Then there is a double wide back-to-back seat at the helm.

Overhead there is a large custom bimini with a 160-watt solar panel making sure your batteries are charged and ready to go all the time.

Down below you have the galley to port with a refrigerator and sink and to starboard is the head and wet shower.

Forward you have hanging lockers and a large roomy double berth, then there is also a large and roomy double berth amidships.

The sound system is good with an Amped sub to give you the mood you want to match the harbor's quiet or the trip home's excitement.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](http://WhereFreedomTakesYou.com) to learn more.
