Experienced Sales + Customer Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Beautiful Cheoy Lee Sloop. Newly Rebuilt Engine.
Are you ready for a nice getaway in this classic?

In 1969 Cheoy Lee shipyard built this Offshore 40,
yard number 2248. She is an "E" plan
configuration which gives her plenty of room below
with V-berth forward, a head and convertible dinette
to port, with the chart table and two single berths to
starboard.

The owner indicates her first owner was the Cheoy
Lee dealer in Marina Del Rey, California who used
her as a demonstration boat for the dealership. Her
second owner maintained the boat and made many
improvements to her as his liveaboard. The Seller
purchased her in 1979 and has owned her for over
forty-one years. She is an outstanding example of
the Phil Rhodes design, Offshore 40 class.

The forward head has been enlarged with the enclosure of the forward door and has two dry lockers immediately adjacent.

The galley is on the port side with four burner propane stove and ice box. The interior was refurbished in 2013.

The engine aboard is the Perkin 40 hp. She carries 30 gallons of fuel, and 85 gallons of water.

She has 5 sails in her inventory. Mains: North battenless roller reefing main and batten main with three reef points.

Head Sails: Genoa 150 (hanked on sail bag), Working and Storm head sails.

Spruce Spinnaker 14 Ft, Dico Aluminum Spinnaker 12-22 Ft with bridle.

This beautiful Cheoy Lee is ready for new adventures. Are you the adventurous type?

The complete rebuild of the Perkins 104-7 engine was completed by S&W Diesel of Wilmington, CA in September 2023. The Borg Warner transmission has also been bench-tested with all external seals replaced by Tom Harpur of Chris Craft. All 2 1/2" wire-reinforced exhaust hoses have been replaced and the engine bay has been cleaned and refreshed. A full anti-siphon system has been added to the engine as well.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [WhereFreedomTakesYou \[dot\] com](https://WhereFreedomTakesYou.com) to learn more.
