The NauticStar 231 Coastal Bay is a center console
boat designed for versatile use in both inshore and
nearshore fishing.

The hull is designed with a modified-V shaped
bottom, which helps in providing stability and
improved performance in various water conditions.
It is constructed with fiberglass, offering durability
and a relatively lightweight design.

A prominent feature is the center console design,
which provides 360-degree access to the boat for
fishing purposes and allows the captain to control
the vessel efficiently.

The boat includes a comfortable seating arrangement, with cushioned seats in the bow and stern areas. There are ample storage compartments for fishing gear, tackle, and other necessities.

This boat is designed with a focus on fishing. The 231 Coastal Bay features rod holders, live wells, bait well, trolling motor and fish boxes to accommodate the needs of anglers.
