About Us: POP YACHTS SALES
Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Description: Stock #378741 -

Well kept! Folding Tower, Low Hours, Fresh Water,
Barbecue, Fits in Your Garage !!!

The 2017 Yamaha 212 Limited S jet boat is loaded
with water sports features and a layout that expands
the enjoyment of lounging and relaxing on a brilliant
boat that fits in your garage.

The sporty design is factored into the wow image
Yamaha created in the 212 from the two platformed
transom with seating to the U-shaped cockpit to the
matching pedestal seats to the bow lounge.

The bow has two long lounges with curved sides,
convenient side storage with beverage holders, and
speakers. There are filler cushions to convert the
bow space to a bow sun pad or a third seat between
the two lounges.

The cockpit has two pedestal seats that have bolsters, adjustable arms, and the ability to swing the seats to face the U-shaped seating where the cockpit table can be placed. There is also a drop-down shelf above the glove box that provides a space for eating or writing.

Alongside the port and starboard gunnels are long pockets for storage and netting behind the pedestal seats. There are more beverage holders and speakers.

The wake tower is folding which gives the owner the ability to compact the boat to be able to store it in a garage. Even the trailer has a swing tongue to factor in the ease of storage.

The 212 is powered by two 1.8L HO engines. Yamaha thought of the need to keep weeds out of the impellers by designing a board on the transom that opens to allow the plugs to be pulled out and weeds dislodged.

The keel is articulating providing benefits while docking. The 2017 jet boat has added features to provide a more quiet ride as seen by the extra layer of foam on the engine compartment.

The seller has added a stainless steel barbecue on the transom where the cockpit table can also be included.

The barbecue is completed with stainless steel rod holders for the choice to fish while out on a cruise.

The flooring is snap in Sea Dek and ever so soft and cool on a hot day while swimming or using the wakeboard.

Make this Yamaha your next boat that includes the trailer and consider an offer today.

We are looking for people all over the country who share our love for boats. If you have a passion for our product and like the idea of working from home, please visit [Careers \[dot\] PopSells \[dot\] com](#) to learn more.
