Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. ougar FTD 20 powered by a Suzuki 250 HP, full
electronics (Humminbird Helix), Minn Kota trolling
motor, power poles!

The 2018 Bass Cat Cougar FTD (Full Tournament
Deck) is a solid-built accommodating fishing boat
that will get you there fast! The forward and rear
casting decks are roomy and the Suzuki 250 HP
4-stroke engine will cruise at 28 MPH topping out at
around 75 MPH.

The Bass Cat is beautiful as well as solid. The gel
coat is a black metal flake while the hull is 100%
fiberglass, with an 18-layer fiberglass transom
bonded together with the stringer box grid in a
vacuum process. The cockpit is equipped with a
helm and a passenger seat with a jump seat in
between. The jump seat back can be folded down to
provide a step-down.

The helm features all the necessary gauges to run and monitor the boat while in use. A pair of Humminbird Helix 10 dash-mounted units provide the information to track down the fish. The front casting deck has rod and gear storage lockers with locking hatches. There is also a leaning seat with a Humminbird Helix 10 and a Garmin.

The Minn Kota Ultrex 112 with i-Pilot GPS system has forward view tracking. The Minn Kota has a dedicated battery for power.

The live wells are deep and triangular to limit water from sloshing around and better protect the fish.

The Suzuki 250 HP is original and came with the boat brand new.
