Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. The 2020 MB Sports Tomcat Series F22 is a
wakeboarding and wakesurfing boat manufactured
by MB Sports, a company known for producing
high-quality watercraft designed for watersports
enthusiasts. The F22 model is particularly popular
for its performance, versatility, and comfort features
tailored for riders.

This 2020 Tomcat is a \"one of a kind\". It was
upgraded with virtually everything available as it
was their \"showcase\" model when it came out.

The F22 typically features a deep-V hull design with
multiple chines and strakes, optimized for stability,

wake control, and smooth handling on the water.

To create ideal wake shapes for wakeboarding and wakesurfing, the F22 usually comes equipped with integrated ballast tanks. These can be filled or emptied to adjust the boat's weight distribution and customize wake size and shape.

This Tomcat F22 incorporates advanced surf systems, such as MB Sports' Surf+ system, which includes features like surf tabs, hull shaping, and adjustable wake plates to fine-tune the wave for wakesurfing.

This MB Sports comes with a sturdy wakeboard tower with wakeboard racks, speakers, and lights. The tower can also be used to tow riders and mount cameras to capture action shots.

If you are looking for a great wakeboard/surf boat, take a close look at this 2020 located in Mesa Arizona as you will not find another one like this Tomcat!
