### Information additionnelle

Description: We have recently sold this magnificent Hatteras, but it's previous owner is also offering his 70' Dock in St. Charles Harbour @395,000. This dock comes with Yacht Club amenities such as pool, restaurant, and fuel. Great safe dockage on the Caloosahatchee River with quick direct access to the Gulf.  
A great opportunity for a long term investment in Florida's dwindling water access, in Fort Myer's most exclusive community.
