Accommodations

Walking onto the teak cockpit you see to port a live well, refrigerated drink box, and deep chest freezer. To starboard there is a five drawer tackle center, sink / bait prep station, storage cabinet, and insulated ice box. Lids for insulated ice box and live well were designed to make comfortable seating when running or on long days trolling. On center line of cockpit above teak step with storage underneath, you enter the salon through a pair of beautiful high gloss teak salon doors. Opening the salon doors you have custom teak tables port and starboard with granite tops and four nice size

deep drawers. Beige berber carpet surrounds salon floor with teak and holly flooring in galley, companion way and head. Custom built-in teak sofa with white leather cushion, carpeted storage or rod storage under sofa. Looking to port you see a tan barrel chair and in front of island you have two white leather stools with teak pedestal. The entire salon was meticulously constructed with teak veneer and solid teak molding. The teak has a gorgeous satin finish with high gloss details throughout. The U-shaped galley is forward and to port with a large peninsula, granite tops, double basin stainless steel sink, espresso maker, and more. Entertainment center is to starboard with large flat screen TV and stereo. Headliner has nine flush mounted lights and windows are all tinted with teak valances. Walking down three teak steps you see GUEST STATEROOM to port with two large high gloss teak framed upper and lower bunks, washer and dryer, cedar lined hanging locker with three drawers below, floor lighting, Berber carpet, reading lights above berths and

bed coverings. Across from guest stateroom and across teak and holly companion way you have head with teak vanity, granite top, teak and holly flooring and nice size shower stall. Forward and in the bow you have MASTER STATEROOM with island berth, three large teak drawers underneath, cedar lined hanging lockers to port and starboard with four drawers under starboard locker. Above berth which has high gloss teak trim you see large hatch and three teak storage compartments on each side of berth with a nice size shelf forward. Stateroom has five flush mounted lights in head liner, two reading lights forward of berth, berber carpet and teak in a satin finish with high gloss molding. All doors going into staterooms and head are teak with a satin finish and high gloss molding. Bridge is set up with two Scopinich helm chairs, seating to port with rod storage and seating forward of helm. â€¢ Guest Stateroom and Head both have teak pocket doors

Galley

notice.

1977/2007 TWENTY
TWO MONTHS AND
OVER 12,000 MAN
HOURS IN THIS
COMPLETE REBUILD

New 540 HP Cummins,
17 KW Onan Generator,
AC units, 880 gallons of
fuel, 100 gallons of water.
She has been stripped
down to the bare hull. The
interior has a total
re-design from the old
layout. She has raised
queen island berth
forward with high gloss
teak sea rail, cedar lined
hanging lockers, large
deep drawer storage under
berth and teak book
shelves and cabinets
above berth. Guest
Stateroom is now on the
port side with upper and
lower bunks with teak sea
rails, cedar lined hanging
locker, washer and dryer,
carpet and privacy door.
Head is to starboard with
shower stall and built in
bench seat, vanity with
granite top, teak and holly
floor and teak interior.
Companion way has teak
and holly floor. Galley is
up and to port with
microwave, granite tops
with cabinets above and
below, teak and holly
floor, island with bar
stools and Sub Zero under

counter drawer
refrigeration to starboard
with ice maker. Above
refrigeration you will see
the Sharp flat screen TV
and Denon stereo system.
Salon has teak and white
leather sofa with rod
storage underneath to
starboard with built in
end-tables with drawer
storage to both port and
starboard as you enter the
high gloss teak salon
doors. Also to port is a
swivel barrel chair. There
is Halogen lighting in
headliner and carpet over
flooring. All wiring,
plumbing, sinks and
faucets are new. Engine
compartment was sanded
down glassed and painted,
insulation and Delta T
vents were installed.
Cockpit is teak with teak
covering boards, transom
door, fish box, live well,
freezer, drink box, tackle
drawers, fresh / salt water
wash down, seating and
plumbing for Eskimo
machine. All windows,
hatches and salon doors
have been replaced. Fly
bridge was rebuilt and
reconfigured. It now has a
console with plenty of
room for electronics, teak
pod, and single lever
controls. There are two
teak Scopinch helm
chairs, bench seating with
rod storage to port, and
forward bench seating

with storage in front of console. The fiberglass hard top with three sided enclosure has built in spreader lights, overhead flush mounted lights, molded-in nav lights and an overhead box for manual or electric teaser reels. The boat also has new double spreader Rupp outriggers.
