Vessel Walkthrough

Blackjack is a highly specialized Azimut 68S. True to her name, she has black awl grip, re painted by Hinckley in 2010. She has double the standard air conditioning capacity.

The décor is custom, from the helm seating to high-end bedding and upholstery. The electronic package and audio/visual system is truly over the top. From her aft deck shower & curtain, reinforced boarding ladder, and strategically placed underwater lights- Blackjack is a combination of form and function.

You can board from the hydraulic passerelle or from the boarding ladder to port or starboard. A transom garage door houses the 10â€™ Avon jet tender. There is a teak hydraulic lift/swim platform. The aft deck has seating & sun pad, shower, table, wet bar, grill, and crew quarters are accessed port of the sun pad. Through glass doors that fully slide open to the salon. There is seating to port with entertainment center across to starboard. The helm station is to port with a Garmin electronics package & yacht controller. The windows recess to both port & starboard, as does the convertible hardtop. Down a stairwell to the three staterooms, the master suite is complete with full beam aft, banquette, port lights,

king sized berth, and ensuite head & shower. Next forward to port is the guest cabin with twin berths and a full bathroom which doubles as a day head. The VIP is furthest forward with an island queen berth and private head & shower.

The engine room is accessed through an aft deck hatch, with twin common rail V12 MANS rated at 1360hp each (150 total hours as of 10/25/2011). The genset is a 20kw Kohler with 450 hours as of 10/25/2011.

The foredeck has a sun pad and anchor windless, with custom stainless steel rails.

#### Stern

- Saloon access four-wing door in tempered glass
- Tender storage compartment
