#### Accommodations

Sleeps 8 in 4 staterooms.  
The Owner stateroom is forward with King size berth and head with shower. The guest staterooms are forward of the master stateroom and each have ensuite head with shower.

The interior woodwork is all cherry with burl inserts in the cabinet door faces. Below and forward in the bow is the VIP guest stateroom with a Queen berth accented with green leather, head with stall shower and cedar lined hanging locker. Aft along the companionway are the port and starboard staterooms, each with head, shower and hanging locker. The forward area is accessed through a watertight door from the

stairwell leading down to the master Stateroom which is full beam amidship. The spectacular master stateroom has three portholes on the port and three portholes on the starboard hull, oriented on the verticle to achieve a beautiful effect of light and view. There are two underwater lights under each side of the portholes to give an incredible nighttime illumination.

The shower is to starboard and is seperated from the stateroom by full length 4" beveled glass pannels arranged in an arc.

On the main deck, forward, is the galley with stainless steel appliances, granite counter top, beautiful basket weve sole, and huge, panoramic window. The main salon is huge with a spectacular, glass enclosed spiral staircase leading from the main deck to the bridge deck and on up to the flybridge.

The crew quarters are aft, accessed from the cockpit and feature two staterooms, large head with stall shower, washer dryer, and entrance to engineroom. This area will accommodate up to 4 crew with a husband and wife team.

Remarks  
The "BROWARD  
SIGNATURE 105" is an  
exquisite vessel with  
exterior styling by Luiz  
DeBasto, making this  
sportfisherman absolutely  
spectacular! The focal  
point of the yacht is the  
centerline, curved glass  
enclosed spiral staircase  
reaching from the main  
deck thru the skylounge to  
the flybridge, hand rubbed

cherry interior. The quality construction and the number of innovations in this yacht are so numerous and noteworthy, that the only way to appreciate her, is to see her first hand.
