Accommodations

The Flybridge and cockpit are designed for action with teak decking and gunwales, the salon is designed for relaxation and comfort. A leather U-shaped sofa to port provides enough space for you and your guests to

lounge around and enjoy the 42" plasma TV with surround sound. Plenty of storage is underneath. Fluted valances in high gloss cherry are both decorative and functional, they direct the flow of air throughout the space so that the temperature is easily maintained without the arctic blast in the face. The galley/dinette area is one step up from the salon and features a 4 burner ceramic cooktop, microwave/convection oven, trash compactor, garbage disposal. 3 subzero units (2 refrigeration and 1 freezer), and other amenities. This 64 has old gold granite counters and back splashes in the galley and dinette area. Sporting the three staterooms, three head arrangement, the master is full beam with an entry foyer, extra large hanging locker and king berth. Twin nightstands and dressers to port and starboard are finished in high gloss cherry and offer ample storage. The ensuite head features old gold granite counter tops with bowed cherry cabinets. Guest accommodations are no less luxurious. Both guest staterooms feature high gloss cherry

woodwork and cabinetry
as well as ensuite heads
with (avonite) nougat
granite counter tops and
high gloss cherry
cabinets. The VIP (bow)
head also serves as the
day head. The bow
stateroom has a queen
sized berth and the port,
side by side twin berths
with a nightstand in
between. All staterooms
have 20" LCD TV with
DVD player and
AM/FM/CD stereo.

Salon

Electrical System

- â€¢ Two 24VDC banks, batteries mounted on fire retardant fiberglass boxes
- â€¢ Automatic/programmable battery charger
- â€¢ Automatic battery paralleling system with switch at control console
- â€¢ Two 240-VAC, 50-Amp transformer connected retractable shore cords with overcurrent protection

Engines & Mechanical

- NEW 2008 twin C32
- Acert 1800-Bhp
- Upgraded twin 27.5 Kw Onan generators with soundshields
- Variable speed forced air system for engine combustion with two 16" vane axial fans ducted to cockpit and controlled by pressure and temperature
- Water manifold block with centralized shut-off valve for sinks and showers
- AC fluorescent lighting
- DC lighting
- 230 VAC 30 gallon electric water heater
- Freshwater fill hose for engine and generator
- 24 VDC bilge and sump pumps
- Automatic fire extinguisher system with manual remote controls
- Pressurized freshwater system with central charcoal filter and back flush capabilities
- Auxiliary emergency AC bilge pump
- Bronze/chrome plated ball-valves through-bolted in solid fiberglass on all underwater through hull-fittings with electrical bonding system
- Fiberglass fuel tanks with bronze fittings and coated with fire retardant resin and paint
- Fiberglass water tanks, constructed with

FDA approved resin, with
bronze fittings Sewage
holding tank with
24-VDC sewage pump,
plumbed for dockside
pump-out
â€¢UL Marine listed fuel
filter/water separator for
generators
â€¢UL Marine listed dual
fuel filter water separators
with bypass manifold for
engines 110-VAC
reversible oil changing
system for engines, gears
and generators
â€¢Electric fuel priming
pump, engines (2)
â€¢Electric fuel transfer
system with two pumps,
providing back-up
capability, with filtration
and dry tank protection
for pump
â€¢Painted polyurethane
engine room and bilges
â€¢Thru hulls installed
and wired for future
watermaker
â€¢Freshwater back-up
AC pump
â€¢AC compressed air
system with air line and
regulator
â€¢Electric Bow Thruster
â€¢FCI Watermaker 500
Gls/Hr
â€¢PIPEWELDERS
Hydraulic Outriggers

Other Features

Other advantages: This
MGV features split
underwater exhaust

system, forced air
induction system for
engine room combustion,
trim tabs located within
the propeller tunnel. Teak
Decking and Gunwales,
PIPEWELDERS Hardtop
with Mast, Hydraulic
Outriggers, FCI
Watermaker, Bow
Thruster, SAT TV, SAT
Phone, Upgraded
Electronics, such as
FURUNO NavNet,
