Description

### The Hatteras 60

Convertible features a mezzanine cockpit, lightweight construction, tumblehome curvature in the hullsides and an exciting tournament edition option. This model also features tumblehome in the hullsides and a completely resin-infused hull, rather than one built up of layers of hand-laid fiberglass. The automated resin-infusion process produces a more uniform hull thickness from one hull to the next, as well as the most ideal glass-to-resin ratio. This one-two punch produces a boat that weighs significantly less because of the lowered resin content, while providing a more precise fit of bulkheads, stringers and other components for increased strength and durability. This yacht has the GT package engine upgrade to 1,800 hp, custom hull color and a wraparound windshield styling element. The 60 Convertible features a luxurious salon with a comfortable L-shaped sofa with rod storage beneath, as well as an entertainment center with 42-inch plasma TV. Genuine wood veneers in either a high-gloss or satin finish provide a warm

environment, complemented perfectly by the custom décor scheme from Hatteras' in-house design team. To provide convenience for the crew, the electrical distribution panel is located just inside the sliding door, easily accessed from the cockpit. The galley features two under-counter Sub-Zero refrigerator/freezer units. A four-burner ceramic cooktop and microwave/convection oven provide plenty of food preparation options, while deep storage drawers in the galley's fascia offer an abundance of space. Amtico strip flooring and solid-surface countertops and backsplashes give the galley an elegant look with long-lasting durability. To starboard, a large dinette features an L-shaped lounge with storage underneath. The dining table features a solid-surface top with decorative pedestal. Belowdecks, this 60 is configured with four staterooms and three private heads, providing for ample room for the rugged sportfishing enthusiast as well as the cruiser. This yacht has the value added interior amenities four-stateroom

layout.

Standard Equipment
