Experienced Sales + Customer

Service

The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this

industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

70 hp Yamaha 2-stroke outboard motor. Matching 8 hp Yamaha kicker.

This 1987 Montauk looks great and is ready to fish or cruise the bay.

It has a 70HP Yamaha 2 stroke engine that is very economical to operate. It also has a matching Yamaha 8HP kicker. She has two gas tanks for the 70 and one for the kicker. With 24 gallons of gas and less than 4 gallons per hour on plane, you have all the range you need to get to your favorite offshore spot, fish all day, and return with 2/3 of a tank for your next trip.

She comes with a GPS-fishfinder that will get you out and back even in the lowest visibility.

It may be an older model, but it is a Boston Whaler, and the pictures testify to the overall condition.
