|   | Company        | POP YACHTS  |  |
|   | Name:          |   |  |
|   | First Name:    | Pop Yachts  |  |
|   | About Us:      | POP YACHTS SALES  |  |
|   |                | Experienced Sales + Customer                                |  |
|   |                | Service   |  |
| 1 |                | The keygreat customer                                       |  |
|   |                | service. We love the marine                                 |  |
|   |                | industry and one of our core                                |  |
|   |                | missions is to help raise the                               |  |
|   |                | customer service bar in this                                |  |
|   |                | industry.   |  |
|   |                | However the internet has                                    |  |
|   |                | However, the internet has<br>completely transformed the way |  |
|   |                | we do business. While                                       |  |
|   |                | traditional sales principles still                          |  |
|   |                | very much apply (such as                                    |  |
|   |                | building a solid relationship                               |  |
|   |                | with the customer, earning their                            |  |
|   |                | trust, adding value, customer                               |  |
|   |                | qualification, etc), how you get                            |  |
|   |                | there is now very different. It                             |  |
|   |                | used to be that a customer                                  |  |
|   |                | valued a solid handshake and an                             |  |
|   |                | honest smile. In a traditional                              |  |
|   |                | face to face environment,                                   |  |
|   |                | skilled salespeople could                                   |  |
|   |                | qualify a customer based on                                 |  |
|   |                | body language, personality                                  |  |
|   |                | type, etc. In today's internet                              |  |
|   |                | age, many buyer   |  |
