Experienced Sales + Customer Service  
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Kevlar-reinforced hull. Low-hour Yamaha 150 HP.  
T-top, Power Pole, room for 8, forward and rear  
seating, livewell, GPS-fishfinder, stereo. Must see!

This is a great example of a lightly-used Robalo  
R200, which is built on a Kevlar-reinforced hull.  
Clean and comfortable with lots of options for  
all-day fun on the water on both cruising and fishing  
days.

Powered by a Yamaha 150 horsepower 4-stroke  
outboard, which has low hours.

There is a 10' Blade Power Pole shallow water  
anchor, rod holders and storage for rods under both  
gunwales, and a nice T-top with matching  
underneath canvas for a sleek appearance combined  
with the beautiful hull sides.

There is an onboard livewell between the two fold-up seats at the transom. With the seats down it creates a nice casting platform.

The helm has everything within the Captain's reach, a nice color screen Garmin GPS and fishfinder, Bluetooth stereo and a VHF radio up top.

There is a changing area inside the helm with a porta-potty.

The bow has a raised non-skid casting deck with snap-on cushions for passengers.
