Experienced Sales + Customer Service
The key...great customer service. We love the marine industry and one of our core missions is to help raise the customer service bar in this industry.

However, the internet has completely transformed the way we do business. While traditional sales principles still very much apply (such as building a solid relationship with the customer, earning their trust, adding value, customer qualification, etc), how you get there is now very different. It used to be that a customer valued a solid handshake and an honest smile. In a traditional face to face environment, skilled salespeople could qualify a customer based on body language, personality type, etc. In today's internet age, many buyer

Powerful twin-engine Jet Boat with sports tower and
upgraded sound system. Capacity for 12 riders!

Spend the Summer cruising the islands and
sandbars, and carving the perfect wave in
watersports. This Yamaha 242 Limited S E-Series
with twin engine High Output power is available for
sale in North Florida!

The expansive deck of the 242 makes rooms for 12
riders in the plush lounge seating. Guests can stretch
out in the bow, the main cockpit and even at the
transom with acc to the transom shower. The
innovative Yamaha table can mount at the transom
or in the bow area and stows away when the boat is
on the move. The bow area has fill-in cushions for a
nice sun pad. And, at the stern is a Magma stainless
steel grill that mounts securely, ready to use.

The original owner has updated the SeaDeck, the bimini shade, and the awesome sound system including amp, subwoofer, oversized speakers in the cockpit, and the impressive tower speakers overhead.

Solar panels on the top of the canopy keep the batteries charging while at anchor. The owner indicates the sound system plays all day with this power system.

Onboard is a privacy compartment that is used for storage or a changing room and the new owner can add a porta-potty if needed.

This Yamaha is powered by twin 1.8L High Output engines producing 360 total HP and has upgraded Thrust Vectors. Put throttle down and feel the acceleration of around 50 MPH!

Don't let this one get away! Call or email with questions or make an offer to hold the Yamaha!

This is a brand new listing, just on the market this week. Please submit all reasonable offers.

Reason for selling is has another boat.

At Pop Yachts, we will always provide you with a TRUE representation of every vessel we market. We encourage all buyers to schedule a survey for an independent analysis.
